Product description

NedZink NOIR is pre-weathered titanium zinc in an anthracite black colour.

It is mainly used for aesthetically high quality building applications for roofs and façades, and associated roof drainage systems and accessories.

Pre-weathered titanium zinc in a natural medium-grey colour

NedZink NOVA

Product description

NedZink NOVA is pre-weathered titanium zinc with a matte subtle brushed surface in a natural medium-grey colour.

It is mainly used for aesthetically high quality building applications for roofs and façades, and associated roof drainage systems and accessories.

Pre-weathered titanium zinc with colour nuance

NedZink NUANCE

Product description

NedZink NUANCE is pre-weathered titanium zinc with pigments. This results depending on the selected pigment in a pre-weathered zinc variant with a blue, red or green colour nuance. These pigments also provide additional protection to the pre-weathered zinc.

NedZink NUANCE is mainly used for aesthetically high quality building applications: outside for roofs and façades or inside for various design applications.

NedZink 'NUANCE Blue'

NedZink 'NUANCE Red'

NedZink 'NUANCE Green'
